

Presenting Sponsorship 2023

Being a Platinum Sponsor of the Heart of Virginia Festival (HoVF) provides a great advertising opportunity for select local businesses. This highest level of sponsorship enables you to reach and market to a large and diverse segment of the Southside Virginia population. The HoVF will be printing a brochure that will contain information about the festival and feature our sponsors. The brochure will be freely available at prominent business locations in the Farmville area at least two weeks before the festival begins and at the festival. Please contact a Heart of Virginia Festival board member for more information. The HoVF is a 501c4 non-profit organization.
